

8:00 Opening Ceremonies with Adjutant General Kenneth A. Nava

8:30 Dr. Jonathan Bolton *Professionalism in Healthcare* Associate Professor and Director of Professionalism, UNM

Teledentistry: Pathway to Prosperity by Patti DiGangi and Cindy Purdy

Teledentistry is a disruptive innovation and a rising trend. It expands the traditional dental practice. There are many critical decisions to create your pathway to prosperity. Each teledentistry encounter is different depending on your chosen business model. The services provided are not necessarily the same as a traditional practice. Included is a discussion of the procedures, products and codes as well as technology and equipment needed in a teledentistry encounter.

Patti DiGangi, RDH, BS understand the metrics that accurate coding provides. The ADA recognized her expertise by inviting her to write a chapter in its CDT 2017 Companion book and again for CDT 2018 Companion which include the new teledentistry codes. Patti holds publishing and speaking licenses with ADA for Current Dental Terminology©2018 and a license for SNODENT©2017 diagnostic coding.

Cindy Purdy, RDH, BS has thirty-seven years of clinical dental hygiene experience and a passion for advancing her profession. This lead Cindy into innovative arenas: consulting, speaking, strategic development, ergonomic specialist and trainer of dental manufacturing teams. As the only dental clinician in her Colorado county, she has initiated Teledentistry to bring equality of care to her rural, underserved community.

Do You Know the Law? by Patricia Chavez
An Overview of the Fair Labor Standards Act

Patricia Chavez has been serving as the Community Outreach Resource and Planning Specialist (CORPS) for the U.S. Department of Labor's Wage and Hour Division (WHD) since October 2011. The WHD is responsible for administering and enforcing some of the nation's most comprehensive federal labor laws.

Saturday, October 20

Opioid Epidemic: Update 2018 with Oral Health Practice Considerations by Harris Silver, MD

This presentation describes the properties and effects of all classes of opioids, the origin and current status of the opioid epidemic, the intersection of prescription opioids and oral health practice, and how best to prevent, treat and reduce the harms of opioid use disorder.

After retiring as an ENT/head & neck surgeon in 2005, **Dr. Silver** worked for 7 years as a drug policy analyst and advocate at local, state and national levels to foster awareness and reduce the negative consequences of the opioid, overdose and substance use disorder crises. He directs the Governor's Advisory Council on Addiction and Pain Management effort to reduce opioid use by increasing access to integrative pain treatment. Dr. Silver serves on several other related boards.

An Endodontic Perspective by Marc Pacheco, DDS

Evaluating the Endo/Perio Complex, the use of CBCT in diagnosing cracked teeth, Pain Management, Use of Antibiotics.

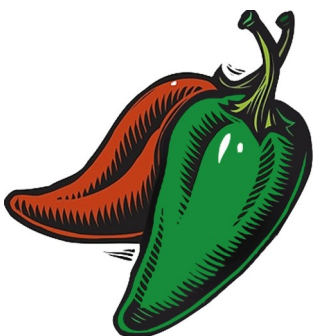

Dr. Marc A. Pacheco is a native New Mexican and was raised in Albuquerque. He attended The University of New Mexico where he received his Bachelors of Science in Pharmacy. He attended the University of Colorado School of Dentistry where he received his DDS degree with honors. He then practiced general dentistry in the Albuquerque area for seven years prior to pursuing his endodontic specialty training from the University of Texas in San Antonio. He is board certified with the American Board of Endodontists.

Au Naturele: Oral Health and Homeopathic Trends by Lancette VanGuilder, RDH, BS

Holistic and alternative medicine trends are on the rise. More & more people are seeking out natural ways to feel better, improve their health and minimize the need for harmful chemicals and invasive procedures. This course will provide background on natural healing practices, overview of current oral and homeopathic trends, and alternative medicine culture.

Lancette VanGuilder, a graduate of the University of South Dakota, works as a clinician in private practice, in the corporate world as a professional educator, as a public health dental hygienist and is a member of the Premier Dental Professional Speaker Bureau.

Please support the exhibitors: place your office dental supply orders at Scientific Session!
For lodging, nearby hotels include the MCM Elegante, the Crown Plaza and Homes2 Suites by Hilton.
