Includes breakfast snacks & lunch

Don't wait! Prepare NOW for license renewal!

5 CEUs

8:00 – 8:30 Check-in; coffee and breakfast snacks

8:30 – 9:45 Infection Control: Evidence Based Standards for Safe Patient Care. 1 CEU

Jaimie Meihaus, BSDH, RDH

Review of CDC and OSHA guidelines, common pathogens of concern, and best practices for hand hygiene, personal protective equipment (PPE), instrument processing, operator disinfection, and aerosol management.

Emphasis is placed on practical, evidence-based protocols that support patient and provider safety, regulatory compliance, and quality assurance. Upon completion, dental hygienists will be better equipped to evaluate their office infection control procedures and implement improvements consistent with current standards of care.

12:00 – 1:00 pm

Lunch/NMDHA General Membership Meeting, Bylaw amendments and Current Issues .5 CEU

Update on the Oral Preventive Assistant and NM legislation affecting dental hygiene practice.

10:00 – 11:45 Pediatric Airway

Dr. Billie Adams

Dr. Adams is a general dentist in Albuquerque. Her practice focus is comprehensive dental care, with an emphasis on function. Her course will focus on early intervention and pediatric sleep disordered breathing and pediatric obstructive sleep apnea.

1:15 – 2:30 The Profitable Hygienist 1.5 CEU

Jazmine Chavez, RDH

Jazmine is deeply passionate about helping students and fellow hygienists understand their value, build confidence in their skills, and see hygiene as both a powerful clinical role and a profitable driver within the dental practice. Through mentorship, real-world insight, and practical tools, she empowers the next generation of hygienists to grow, lead, and create sustainable, fulfilling careers.
